

Step-by-step instruction: Create Studielink account (without DigiD)

This step-by-step instruction is intended for students without a Dutch home address and therefore have no DigiD. DigiD is a digital ID that is used in the Netherlands. Do you live in the Netherlands and are you registered with the municipality? Then you have to request a DigiD to create a Studielink account. See www.digid.nl/en for more information.

To create a Studielink account without DigiD, you need a passport or European identity card. Make sure that you have a scan or photo available on your device. **If you hold two nationalities, including a European one, please use your European passport or identity card.** This is used for the calculation of the tuition fee.

- **Step 1:** Go to www.studielink.nl and choose your preferred language (Dutch, English or German) in the upper right corner.
- **Step 2:** Click <Create Studielink-account without DigiD> and follow the steps below.

You can arrange your (re-)enrolment at institutions of higher education in the Netherlands via Studielink. You can find more information on the enrolment procedure and admission requirements on the [website of the educational institution](#).

More information about Studielink can be found [here](#).

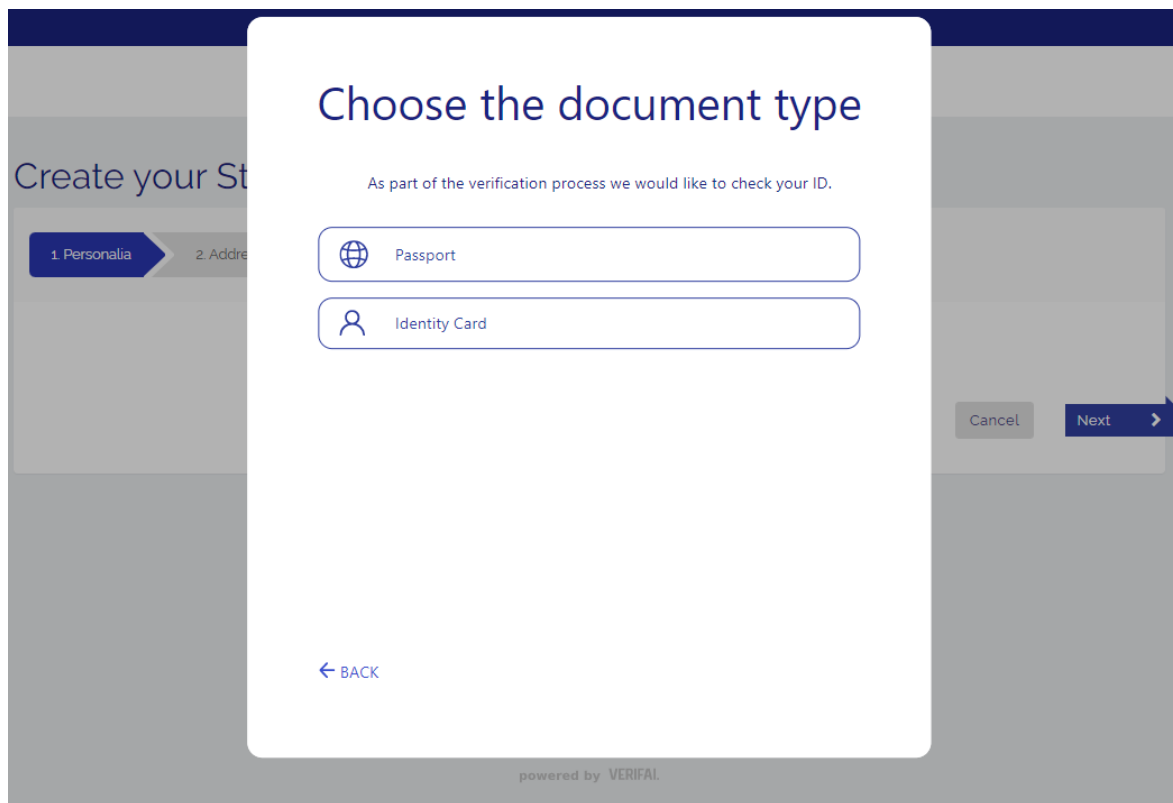

- **Step 3:** Enter the nationality on the identity document that you are uploading and select **<Scan passport/ID>**.

The screenshot shows the 'Create your Studielink account' wizard at the 'Nationality' step. The progress bar at the top indicates the following steps: 1. Personalia (active), 2. Address, 3. Contact, and 4. Summary. A yellow-bordered box contains the following text: 'Please note: do you already have a Studielink account and are you unable to log in or did you forget your login details? Please do NOT create a new Studielink account! Contact your (future) educational institution, they can help you regain access to your account.' Below this, a paragraph states: 'You need a passport or European identity card to create an account. If you hold two nationalities, including a European one, please use your European passport or identity card. If you have any questions about how digital identity verification works or would like to know how your personal data will be used, then please find more information [here](#).' A 'Nationality' label is followed by a dropdown menu. At the bottom right, there are two buttons: 'Cancel' and 'Scan passport/ID' with a right-pointing arrow.

- **Step 4:** A wizard opens where you can upload your identity document. Select **<Start>**.

The screenshot shows a modal dialog titled 'Verify your identity'. The text inside reads: 'We would like to know whether it's you. In just a few simple steps, we'll guide you through the process of verifying your identity!'. In the center is a circular icon containing a stylized person and a document with lines. At the bottom left is a 'CLOSE' button, and at the bottom center is a blue 'START' button. The background shows the 'Create your Studielink account' wizard with the progress bar at '1. Personalia' and '2. Address'. On the right side of the background, there are 'Cancel' and 'Next' buttons with a right-pointing arrow. At the bottom of the page, it says 'powered by VERIFAL'.

- **Step 5:** Select the document that you are uploading. Please note: non European identity cards can't be uploaded. Use a passport in that case.

- **Step 6:** Upload a photo or scan of the identity document. Allowed formats are: JPEG, PNG, BMP and PDF. For passports you have to upload a scan or photo of the page with the passport photo, for identity cards you must upload a scan or photo of both the front and back of the card.

- **Step 7:** After you uploaded the document, you can crop the document if needed. After that, select **<Continue>**.
- **Step 8:** Optionally, you will be asked to enter the issuing country of the identity document.
- **Step 9:** Select the document version in the next step and then **<Submit>**.
- **Step 10:** If the details of the document are read out correctly, you can check your details carefully on the following page. On the bottom of the page you can indicate that the personal details on the screen match with the details in the document. Click **<Next>**.

If any of your details are incorrect, you should state this at the bottom of the page. You can then change your details. The educational institution to which you are submitting your enrolment application will check your personal details at a later stage.

- ➔ **Step 17:** Check your previous education. To add more, select **<Add previous education>**. You can also finish this step after you submitted your enrolment application by clicking

<next>.

The screenshot shows a web form titled "Manually added previous education" with a dark blue header. In the top right corner, there is a button labeled "+ Add previous education". Below the header, a grey bar contains the text "Highschool Diploma". The main content area is a table with the following fields and values:

Type of diploma/degree certificate:	Highschool Diploma
Diploma received:	Yes
Diploma date:	July 13, 2004
Country:	United States of America
Verification status:	Previous education must be verified by the institution

At the bottom right of the form, there is a blue button labeled "Next" with a right-pointing arrow.

- **Step 18:** Now you have to select the study programme you wish to enrol in. You can find your programme by filling in the city, school, name, type and/or format of the programme. You can also search your programme using the filters.

The screenshot shows a web form titled "Submit enrolment application" with a light blue header. Below the header, there is a progress bar with four steps: "1. Choose a study programme" (highlighted in blue), "2. Study programme details", "3. Institutional questions", and "4. Confirm".

On the left side, there is a search bar with the placeholder text "Fill in study programme and/or loc:". Below the search bar, there are three dropdown menus: "Saxion University of Applied Sciences", "Type of study programme", and "Academic load".

On the right side, there is a blue bar with the text "143 RESULTS". Below this, there are two search results:

FINANCE & CONTROL - INTERNATIONAL FINANCE & ACCOUNTING SDP

Type of enrolment	Student
Start as	<input type="text"/>

Please note: it is determined by the educational institution per programme whether or not you have a choice at **<Start as>**.

In some cases it is possible you don't have a choice at **<Starting date>** and/or **<Type of enrolment>**. This means that the programme of your choice can only be followed with the already entered characteristics. This is determined by the educational institution.

You can enter a maximum of 4 enrolment applications per academic year, of which only one or two with a selection procedure. Find out more about programmes with selection/numerus fixus on www.studyinholland.nl.

In some cases you are asked if you wish to participate in the Study Choice Activity. For more information about the Study Choice Activity, please contact your (future) university (of applied sciences).

- **Step 20:** Some educational institutions will ask you some programme-specific questions. For more information about these questions you have to contact the educational institution.
- **Step 21:** Check all the information displayed. If something is not correct use the button **<Back to previous page>** to go back and correct it. If everything is correct, select **<Confirm>** to submit your application.

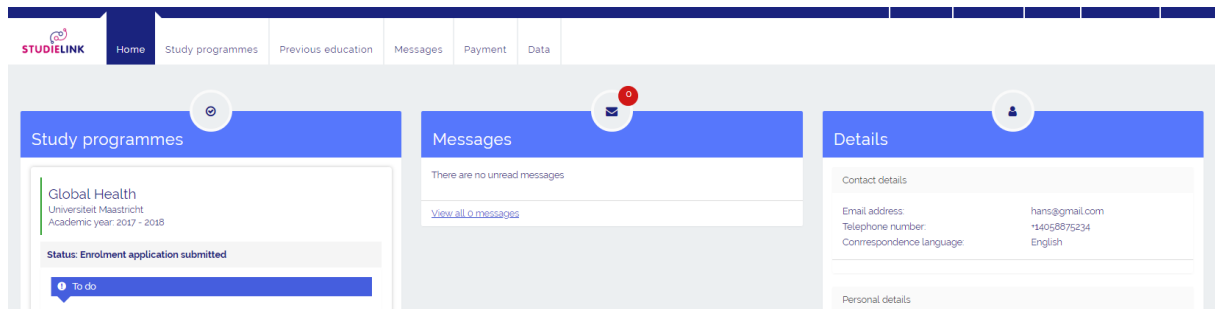

I have checked all the details and they are correct.
